Dear [redacted]

It has been four months since I submitted my application to the Personnel Dept. Thus far the only response I've had was the acknowledgement of receipt. I'm beginning to get a bit concerned.

STAT

Although it has been great getting reacquainted with my children these past four months I am really anxious to get back to work. If there is anything you can do to expedite matters I would appreciate it.

In the application I indicated that a GS-14 was the desired starting salary. At this point I am willing to take a GS-13 or even a GS-12 if I have to. My phone number is [redacted]
